

JOHNATHAN JERRELL ROBBINS

EDITOR • PRODUCER • DIRECTOR • CINEMATOGRAPHER

WHY ME?

I'm Johnathan, a creative producer, cinematographer, and director with a focus in editing. I'm originally from North Carolina, but moved to California in 2009 to follow my passion for film and media. There I obtained a Bachelor of Arts degree in Multimedia Communications and a Master of Fine Arts degree in Editing for Motion Pictures & Television, both from the Academy of Art University. I have a broad range of experience in producing, filming, and editing feature & short films, music videos, corporate promos, commercials, sports, special events, and documentaries. Not only do I have experience in all aspects of pre and post production, but I'm also savvy with project budgets and meticulously attentive to audio details, and I'm always a team player. When I'm not working on professional or personal video projects, I spend my free time watching sports, making music, and hanging out with my family.
